The image shows the front cover of a book. The cover is a dark, solid color, possibly black or a very dark navy blue. It has a fine, pebbled texture, characteristic of a cloth or buckram binding. There are some subtle signs of wear, including slight scuffing and variations in the texture across the surface. The lighting is even, highlighting the tactile quality of the material. No text, titles, or decorative elements are visible on this portion of the cover.

WASHING INSTRUCTION				END USE			
Ⓟ Dry clean				 Upholstery			

Wash care instructions need to be followed for prolonged usage of fabric, otherwise will damage the fabric. Test results were gathered from various samples and therefore represent averageindicative values. Discolouration caused by clothing fabrics such as jeans does not represent a material defect.Minor colour deviations & discolouring in context of permissible industrial tolerance standards.
