WABI

Wabi Wallpapers began its journey as a humble endeavor nearly half a century ago, and through hard work and determination, it has become one of India's top wallpaper brands. We take pride in being a trusted destination for top-quality wallpapers, serving customers across 70 cities with our exquisite designs.

Understanding that every individual has a unique vision for their living or working spaces, our wallpaper collection offers a curated range of styles, colors, patterns, and textures. With over 5,000 designs sourced from top manufacturers worldwide, we provide endless possibilities to transform your space into a true work of art.

MESSAGE FROM THE FOUNDER

Dear Patrons,

Welcome to Wabi Wallpapers! We are passionate about creating beautiful living spaces. Our exquisite designs and unmatched craftsmanship reflect our love for simplicity and the art of interior design.

Inspired by the philosophy of wabi-sabi, we aim to infuse tranquility, harmony, and understated elegance into homes and workspaces.

Sustainability is important to us, so we use eco-friendly materials and responsible manufacturing practices.

Our team is dedicated to providing exceptional customer service and personalized assistance. Join us on this remarkable journey to create spaces that embrace wabi-sabi's essence.

Warmest regards
Krishan Goyal

HEALTH AND SAFETY

At Wabi Wallpapers, we believe that creating a beautiful living space should never come at the expense of your well-being. You can count on us to prioritize health and safety, offering you peace of mind as you transform your spaces into havens of beauty and comfort. Our wallpapers are carefully sourced from manufacturers committed to using eco-friendly materials and non-toxic, low VOC formulations. We go the extra mile by offering non-phthalate options, ensuring a worry-free environment for you and your loved ones. Rigorous quality checks guarantee compliance with stringent safety standards, ensuring that our wallpapers are free from hazardous substances.

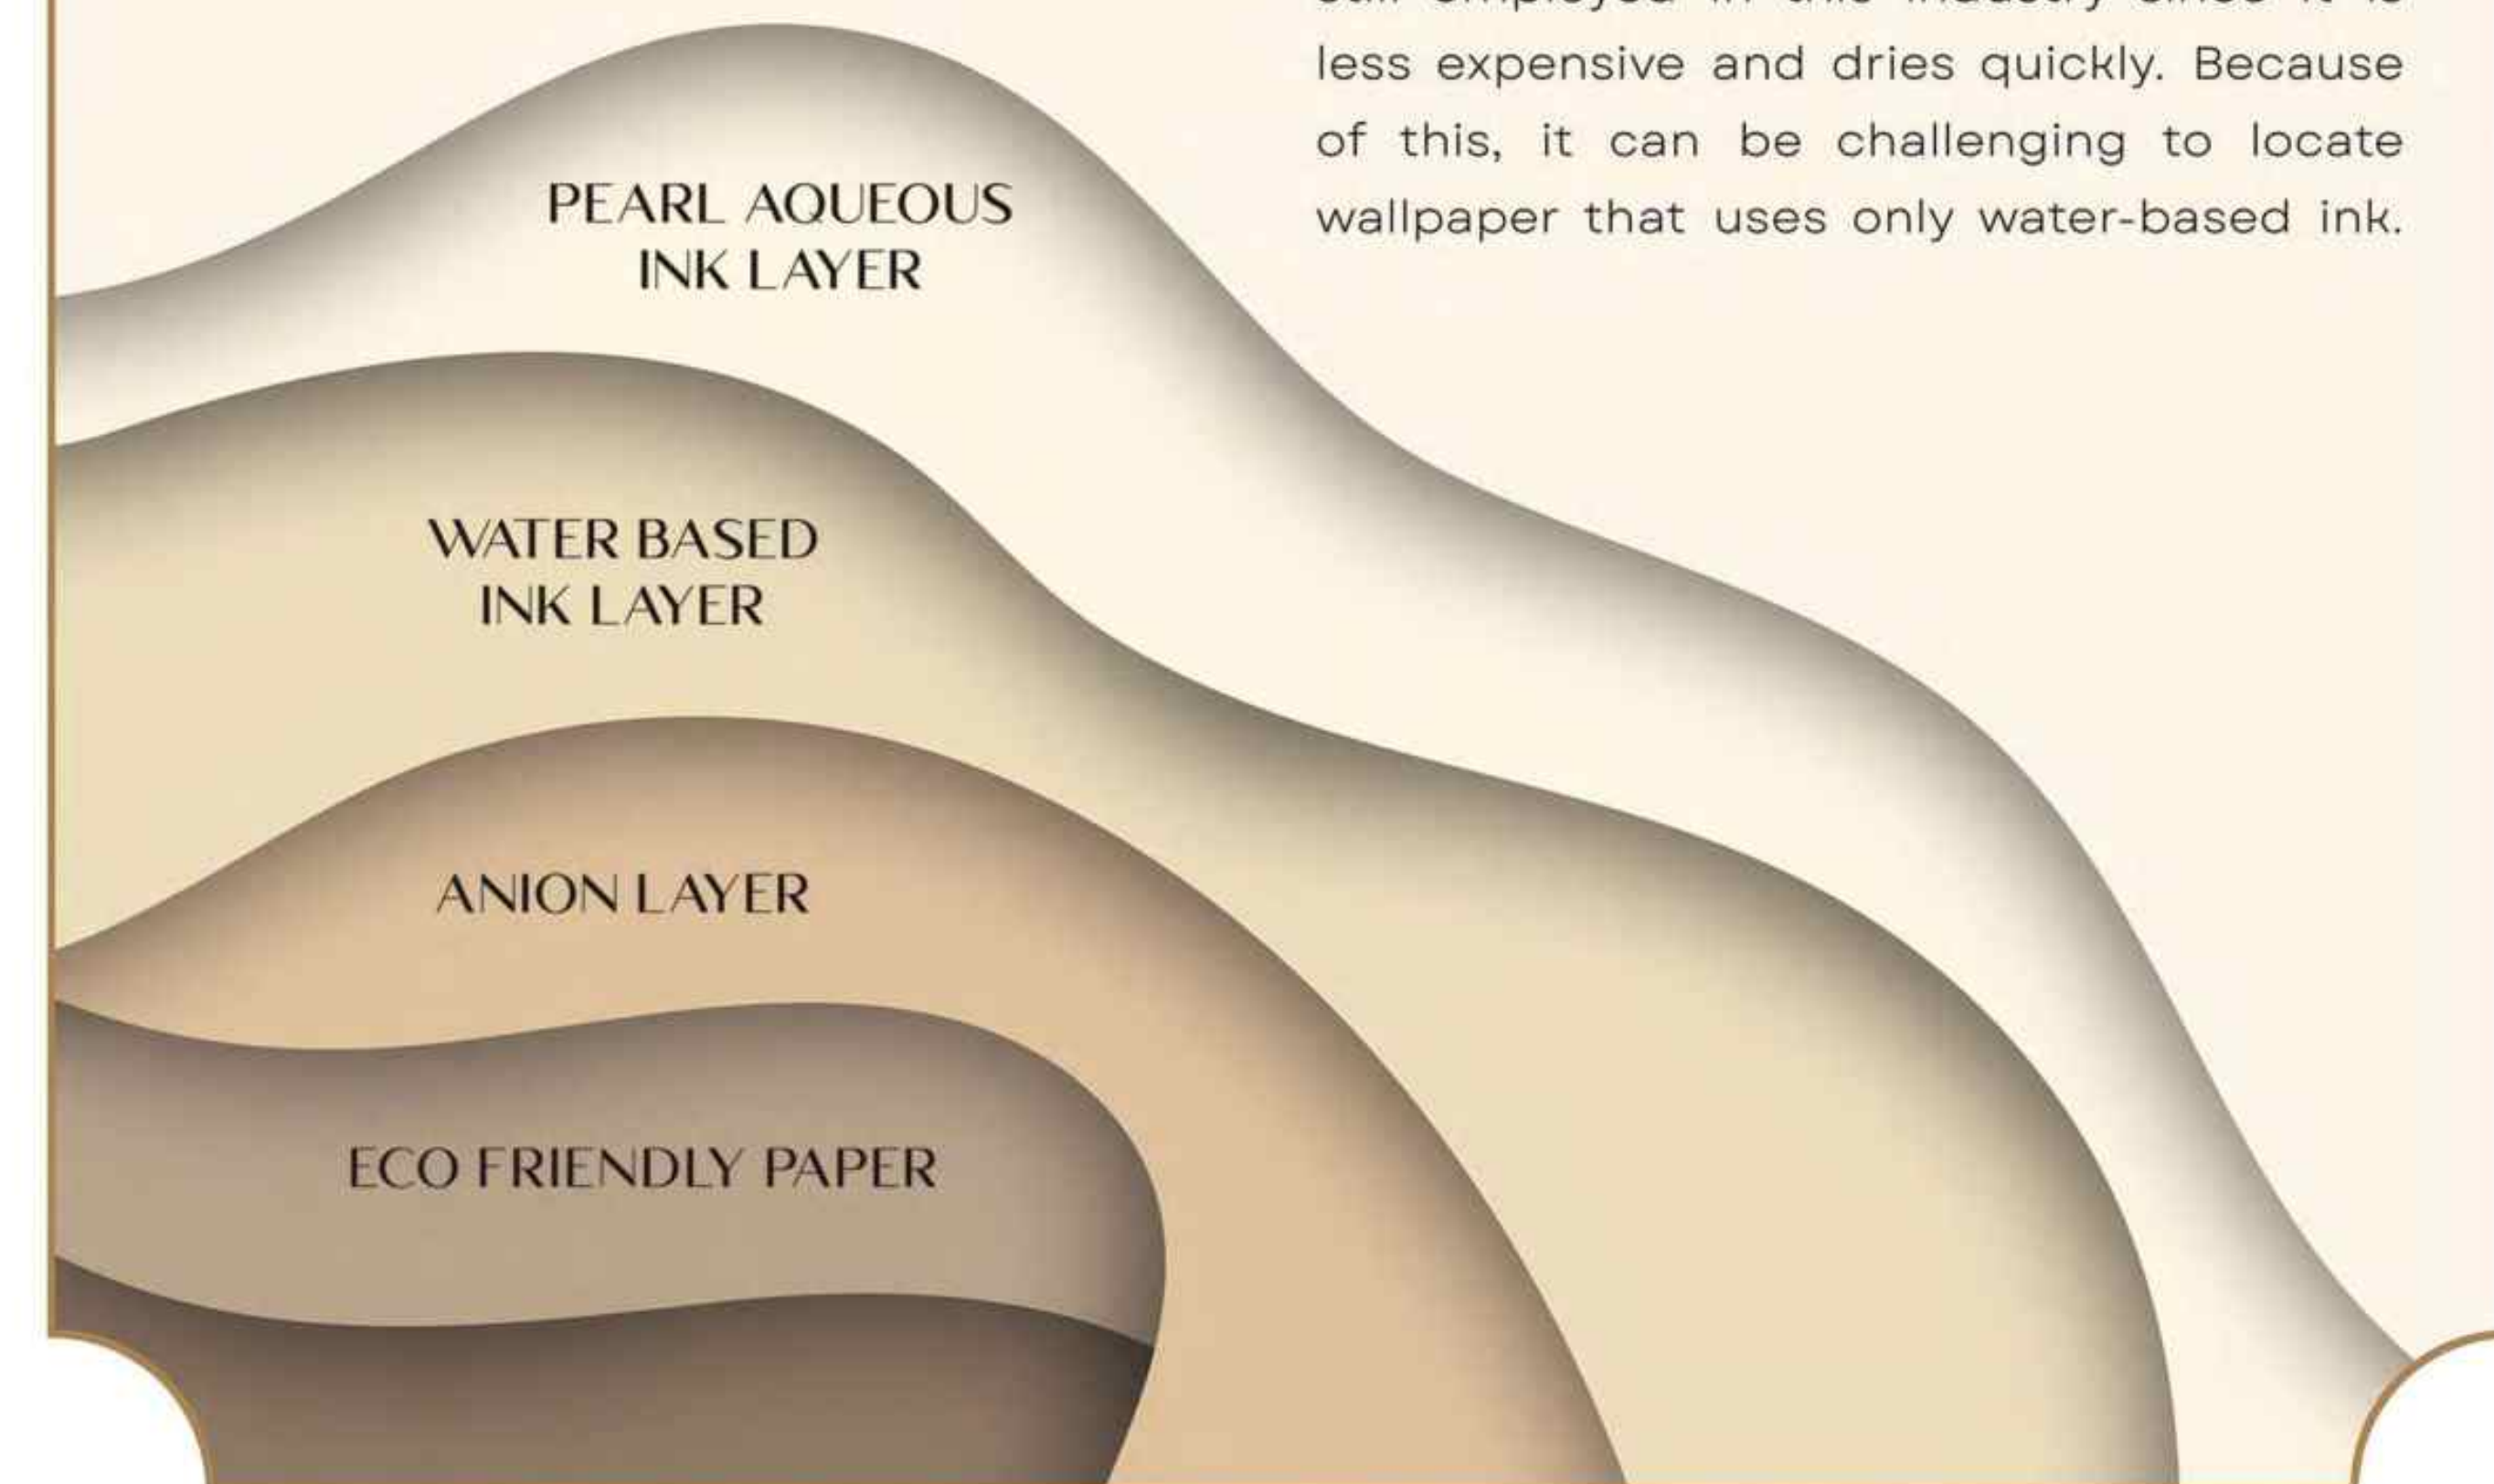

WABI PRIDES ITSELF WITH THE BEST ECO-FRIENDLY WALLPAPER

The products selected for our family's health and the environment.

Usually, the wallpaper's design print layer emits 97% of all harmful chemicals. Wallpaper printed using oil-based ink emits volatile organic compounds (VOCS) at a rate that is 40 times greater than wallpaper printed with water-based ink.

We can greatly lower the rate of VOCS emissions and enhance the environment at the manufacturing site just by employing water-based ink. However, oil-based ink is still employed in this industry since it is less expensive and dries quickly. Because of this, it can be challenging to locate wallpaper that uses only water-based ink.

KANHAIYA

Introducing “Kanhaiya” a design that brings to life the enchanting Love Story of Lord Krishna and Radha, set amidst the resplendent backdrop of Golden Mahals.
